

Advance Your Training with an **AOS in Vocational Nursing**

WE ALL DREAM OF SUCCESS. OUR GOAL IS TO HELP YOU ACHIEVE IT.

Meet American Career College

With over 45 years of experience in healthcare training and more than 70,000 graduates, ACC is here to help you make your goals a reality.

Our classes are modeled after real-life scenarios, using the same medical tools and equipment you'll use on the job. That way, you're prepared to jump in on your very first day. We provide education focused on real-world skills and knowledge, giving our students the opportunity to change their lives for the better.

Why earn an AOS in Vocational Nursing?

Earning an Associate of Occupational Science in Vocational Nursing gives ACC Vocational Nursing graduates the opportunity to build on the knowledge and clinical training they have already completed through the diploma program. With one additional online term, students can strengthen their academic foundation, expand their professional skill set, and take the next step in their educational journey.¹

Program Overview

The **AOS in Vocational Nursing** program is designed for eligible ACC Vocational Nursing graduates who have already completed the 12-month VN diploma program. To earn the associate degree, students complete one additional term focused on general education and professional development coursework that builds on the nursing knowledge and training they have already gained. This final term is offered online and includes courses in written communication, psychology, oral communication, and career readiness to support continued academic and professional growth.

Term 6 100% Online

ENGL100 Written Communications I

Clock Hours **40** | Quarter Credits **4**

This course provides instruction in the process of effective written communication for a variety of formats. It initially focuses on four basic areas of effective writing unity, specifics, coherence, and grammar. The course will utilize reading, discussion and personal insight to increase students' capacity to write simple paragraphs, formal essays, reports and research projects. Students will be equipped with techniques that facilitate creative, academic, and professional written communication. Additionally, students will be given library activities to enhance research skills.

PSYC100 Introduction to Psychology

Clock Hours **40** | Quarter Credits **4**

This course provides basic psychological concepts such as the nervous system, memory, intelligence, and development as well as Freudian, humanistic, social, cognitive, and trait theories.

PD200 Career Readiness and Professional Development

Clock Hours **20** | Quarter Credits **2**

This course provides advanced instruction in transferable academic and professional competencies for students in the completion phase of an associate degree program. Emphasis is placed on the analysis and application of effective written and oral communication, critical thinking, and ethical reasoning in academic and professional contexts. Students integrate prior learning to evaluate professional scenarios, assess interpersonal and professional behaviors, critically evaluate information from multiple sources, and synthesize self-assessment data to develop strategies supporting academic completion, adaptability, and lifelong learning across diverse career pathways.

SPCH 117 Oral Communication

Clock Hours **40** | Quarter Credits **4**

Students evaluate the construction and delivery of public speaking. Communication theory, research, and best practices are discussed in relation to informative, persuasive, and demonstrative speaking. Students present several speeches using technology in an online environment, showcasing their knowledge of informative and persuasive concepts, audience analysis, organizational patterns, verbal and nonverbal cues, visual aids, and word choice. Students practice the application of public speaking skills to future careers.

Program Total

Clock Hours **1670** | Quarter Credits **104.5**

"My mindset is that the sky is the limit and if you set your mind to do something, you can do anything. Nursing school is not easy, you have to be focused, study hard, prioritize what you really want and if it's your passion, go for it."

- SANDY J., VN '21
